Time for  
interaction and  
joint  
discussions

# Selected Speakers @ TIS

**Dr. Andrea Stricker**

Senior Specialist  
Application Development  
Electronic Materials  
Solution Division

**B/S/H/**

**Gül Aktas Kus**

Head of TR Operations  
Digital Transformation

**Dr. Philipp Kauffmann**

Senior Manager Research  
and Innovation

**MEXT**

**Efe Erdem**

Technology Center  
Director

**Susanne Aghassi**

Group Manager Exploration Projects  
and Incubator

**Dr. Andreas Roderburg**

Department Manager  
R&D

**Dr. Michael Arnold**

Managing Director

**Zeliha Öztürk**

Senior Manager

**Ercan Karadere**

Coordination of industry 4.0  
applications

**Kyra-Aileen Symalla**

Project Planner  
IX-IS | Project Management  
Support

**Dr. Biba Visnjicki**

Global Head of  
Digitalization

**Dr. Marc Patzwald**

Head of Department

**Table 6:** Bottleneck Supply Chain – Production Optimization in a VUCA World

**Table 7:** EU Data Act, Data Management & Governance - Impact & Potentials

**Table 8:** Dealing with Human Challenges in a Digital World – Talents, Trainings & Competences

Eventlocation

# Space for Innovation

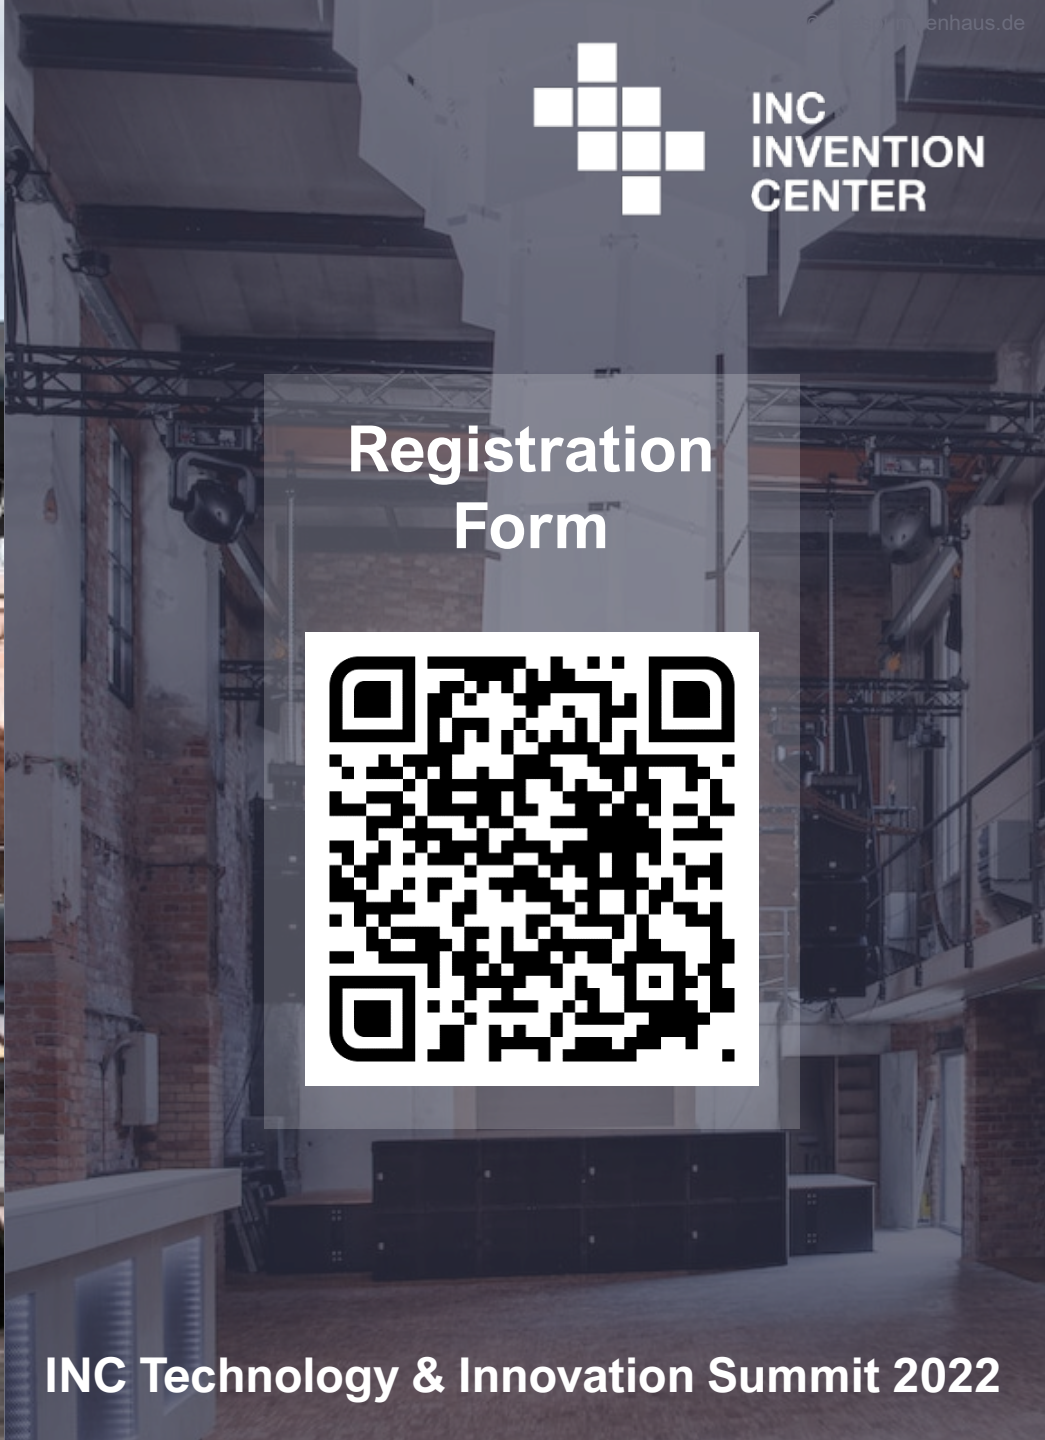

Altes Pumpenhaus, Devrientstraße 18b, 01067 Dresden

The Old Pump House (“Altes Pumpenhaus”) is located in the heart of the capital of Saxony. After the powerful machines for the water supply of “Kraftwerk Mitte Dresden” were switched off and the former event location was released for reconstruction, the newly renovated pump house opened its doors for events.

The industrial charm of the Old Pump House not only meets the modern spirit with its raw look, but also creates a homey coziness through the warm colors of the open brick walls, the particularly high ceilings and the rounding interior. All this conjures up a very special atmosphere that invites you to innovate together with us during the INC Technology & Innovation Summit.
